## Fur Farming Will Become Important Alaskan Industry

That fur bearing will become an important industry seems to have been established, says the Juneau Empire. The industry of domesticating or collecting on islands, fur bearing animals where their pelts may be taken and sent to the maker at the most advantageous season has, apparently, passed the experimental stage. Governor Riggs, commenting on this industry in his annual report, says:

"Fur farms continue to be operated in various parts of Alaska. Much of this work is incidental to other business, but a number of concerns appear to be operating on a commercial basis. Blue foxes and the various color phases of the red fox are the species most extensively raised, though in a few instances reports have been received of experiments with muskrats, marten, and mink. It has been demonstrated that better success is attained with the red fox in corrals, while the blue fox does better when at large, particularly on islands a sufficient distance from other land to prevent escape of the animals by swimming. The propagation of foxes in captivity is destined to become one of the most important factors in the fur industry."

## No Use Left Now for Hip Pocket

NEW YORK—Prohibition will sweep hip pockets in men's trousers into innocuous desuetude, according to a prediction by experts of the International Association of Clothing Designers, who today issued an edict:

"Make them smaller and shallower this season."

Commenting on the attitude of the designers, George W. Hermann, a member of the organization said: "It's illegal to tote a gun; it's unhandy to carry your handkerchief there and you can't buy anything but wood alcohol to put in your flask. So the pocket just naturally will shrink away."

## John T. Reed Becomes U.S. Commissioner at Hyder

John T. Reid, deputy United States district clerk in the first judicial district of Alaska, has been appointed United States commissioner for the newly created recording district on Portland canal with the town of Hyder as headquarters. The appointment was made by Judge Jennings some time ago but was not made public until now. Judge Reid was in hopes that it would not be necessary to assume his new duties until the spring, but the department of justice has requested that he go to Hyder without delay, due to complaints of bootlegging, gambling and like offenses.

## Dog Tax Now Due

## Martial Law

## Now In Force Throughout Italy

(Special to the Sentinel.)  
ROME—Northern and Central Italy are not so seriously affected. The Italian government is able to run a few trains over the principal lines, the trains being heavily guarded by troops armed with machine guns. Martial law is enforced in the principal cities, the streets of which are patrolled by cavalry and are under guns of all units. The stores and theaters and all places of business are ordered to close at 8 o'clock in the evening, and every one is forbidden to use automobiles or bicycles.

## American Forestry Association Sounds Note of Warning

(Special to the Sentinel.)  
WASHINGTON—In 20 years the woods used for the manufacture of pulp for paper will be exhausted, the American Forestry Association warned today. The greatest reserve, said the statement, is in Alaska, California, Oregon and Washington, but the cutting of timber there is going on at the rate of two million cords a year.

## Paper Manufacturers Looking to Alaska

The District Forester at Portland, Oregon, who has jurisdiction over the national forests of Oregon, Washington, and Alaska, reports that the inquiries being received by his office concerning the possibilities of paper pulp manufacture in Southeastern Alaska present the extension of this important industry to this new field in the near future.

The constantly rising pulpwood cost to mills in the United States, as the source of raw material gets more remote from the present pulp manufacturing centers, are responsible in part for the increasing price of paper, which has reached such a high point that it has been the subject of a number of congressional investigations. An abundant supply of cheap paper is of great importance to the United States, and if this is to be assured in the face of the increasing demand it will be necessary for the industry to develop in new regions having a vast supply of cheap pulpwood in connection with cheap water power.

The District Forester recently stated: "The immense timber and power resources of Southeastern Alaska are well adapted to the needs of the paper industry, and the Forest Service is anxious to see them brought into use for this purpose. It is furnishing inquirers with all available information concerning the possibilities there in an effort to encourage their interest in this new field whose development will be of great benefit to the nation as a whole as well as to Alaska."

## Commissioner of Education Visits Wrangell Schools

Lester D. Henderson, Commissioner of Education for Alaska, arrived on the City of Seattle Saturday. He had expected to reach Wrangell Friday morning and spend the day visiting the local school, but bad weather caused the boat to be a day late. However, it was possible for Mr. Henderson to visit the school Monday morning before leaving on the Jefferson. On Saturday night Mr. Henderson attended a meeting of the school board. He expressed himself to the Sentinel reporter as pleased over the organization of a Parent-Teachers' association in Wrangell.

## Shall Wrangell Have a Municipal Magistrate

At the regular monthly meeting of the town council held last Thursday evening an ordinance providing for a municipal magistrate for the Town of Wrangell. After some discussion of the subject the council decided to submit the matter to the voters of Wrangell at the annual municipal election which will be held the first Tuesday in April. Following is a copy of the proposed ordinance:

An ordinance providing for the establishment of a municipal court in the Town of Wrangell, Alaska; defining the jurisdiction of such court and for a course of procedure in such court.

Be it ordained by the Common Council of the Town of Wrangell:

Section 1. A municipal court is hereby established and created in and for the Town of Wrangell, which shall be presided over by the municipal magistrate, who shall have jurisdiction and power to hear, try and determine all cases arising under the ordinances of the Town of Wrangell and to punish for violation of any ordinance of the said Town.

Sec. 2. That immediately after the passage and approval of this ordinance the common council of the Town of Wrangell shall proceed to appoint a suitable person as municipal magistrate whose term of office shall expire with the life of the common council now in office and thereafter the said common council shall appoint a suitable person to fill such office at the same time and in the same manner as other officers of the said town are appointed.

Sec. 3. The municipal magistrate, before entering upon the performance of his duties shall take and subscribe to an oath to faithfully and honestly perform the duties of his office, which oath shall be filed in the office of the municipal clerk.

Sec. 4. The municipal magistrate shall give a bond with two sufficient sureties, to the Town of Wrangell, to be approved by the common council, conditioned for the faithful discharge of the duties of his office, which bond shall be filed in the office of the municipal clerk.

Sec. 5. The municipal magistrate shall make and file with the municipal clerk, and the clerk shall submit to the council, on the first day of the months of January, April, July and October, in each year, or within 10 days thereafter, a full and complete report of the business transacted in his office and court for the quarter preceding, in which said report shall be set forth, in appropriate columns, the names of persons arrested and brought before the court, the date thereof, the offense charged, disposition of the case made, the amount of fine imposed, term of commitment, amount of fines and fees collected, and the amount of fees due to witnesses and other persons and the names of such persons.

Sec. 6. All fines, penalties and costs collected by the municipal magistrate shall be covered into the town treasury monthly, and duplicate receipts taken therefor, one of which shall be filed with the municipal clerk.

Sec. 7. As soon as the municipal magistrate has been appointed, the common council shall fix the monthly salary to be paid to such officer, and the amount thereof shall not be increased or decreased during the term of any such municipal magistrate, and such salary shall be paid in the same manner as the salaries of other officers of the Town of Wrangell are paid.

Sec. 8. The municipal magistrate shall have exclusive jurisdiction of all violations of ordinances passed by the Town of Wrangell and may issue warrants of arrest, grant and admit to bail or commit to prison any offender, and pass judgment that the defendant pay a fine, and

## Attention Mr. Business Man and Mr. Fisherman

The Alaska Union Fisheries Inc., a strictly cooperative concern has been organized among the fishermen and working men of Southeastern Alaska, for the purpose of carrying on the fishing industry in all its branches in Alaska and the waters adjacent thereto which shall include the catching and acquiring and marketing of fish, the construction and operation of canneries, cold storage plants and mild-curing stations, and generally to engage in any business incidental to the catching, acquiring, preserving and marketing of fish and fish products. The amount of capital stock in this corporation is \$500,000.00 divided into 5,000 shares of the par value of \$100.00 each, and these may be paid for in cash or liberty bonds or labor at the actual value thereof. Liberty bonds are taken at par.

We are starting the construction of a cannery and cold storage plant in Port Conclusion about the 20th of March. This plant will be built entirely by Alaska labor and Alaska lumber.

It is the duty of every man and woman who has the interest of Alaska at heart to get in and help the fishermen and workers of Alaska to build and own their own industries.

It is up to all the business men in Alaska to get behind the fishermen in this movement to build and own their industries.

Remember, Mr. Business Man, that out of every \$1.00 the fishermen of Alaska receive above the price that the people who at present own and control the Fishing Industry are willing to pay them for their fish or labor, at least \$0.80 passes through your hands. In order to carry out our program this year we must raise approximately \$40,000 more by the first of April. In order to be able to place our orders machinery and other supplies in time for this year's operations all subscriptions for stock must be in by April first. Therefor all stock subscribed for after April first will not draw any dividends this year. If you are not able to pay cash for one or more shares now we will let you pay for it in installments.

Any fisherman or working man can become a shareholder by going to work with us and helping us to construct our plant in Port Conclusion and then take part of his pay in stock. All the work of building is going to be done by the shareholders themselves thereby also making of this enterprise a true home industry.

For further information see our agent, John A. Peterson, in Wrangell, or write direct to Alaska Union Fisheries, Inc., Ketchikan, Alaska.

Is God Your Friend? Then Visit  
His Home. Go to Church.

ATCH the long line of people entering church on Sunday. Isn't it a fact that they are really the worth while people in the community? If you are a business man, don't you prefer dealing with a man who is a CONSISTENT CHURCHGOER rather than with a man who never goes to church? You wouldn't hesitate to INVITE ANY AND ALL OF THESE PEOPLE entering church to your home.

A MAN WHO GOES TO CHURCH CAN NOT GO WRONG VERY LONG. A COMMON EXPRESSION IS THAT SOME PEOPLE GO TO CHURCH TO KEEP UP APPEARANCES.

THAT MAY BE TRUE. BUT THE FACT THAT A MAN WANTS THE COMMUNITY IN WHICH HE LIVES TO THINK THAT HE IS GOOD AND GOD FEARING SHOWS THAT HE WANTS TO BE GOOD. HE WANTS TO ENJOY THE RESPECT OF HIS FELLOWS. WHILE THERE MAY BE SOME HYPOCRITES IN THE CHURCH, IT IS NO EXAGGERATION TO STATE THAT THE GREAT MAJORITY OF CHURCHGOERS ARE HONEST, UPRIGHT CITIZENS.

There is something basically wrong with a man who, while professing a belief in a Supreme Being, fails to take the opportunity the church affords to WORSHIP THAT SUPREME BEING. If you have a dear friend and you pass his house every day without dropping in to see him, you would not blame that man for DOUBTING THE SINCERITY of your friendship.

Do you wish God to DOUBT YOUR FRIENDSHIP? Do you want to LOSE HIM AS A FRIEND. If you don't, drop into his house AT LEAST ONCE A WEEK.

Show that you are sincere in your belief in God by GOING TO CHURCH next Sunday.

THEN GO TO CHURCH EVERY SU

## NEWS NOTES FROM ALL OVER ALASKA

An undertaker at Cordova was arrested and found guilty of having liquor in his possession a short time ago.

A contributor to the Valdez Miner claims that there were two sunrises in that town in the month of December.

Fred Liljgren and Wm. Wagner, the Naked Island fox ranchers, sold ten pairs of foxes recently for \$600 per pair. The animals were sold to the Japanese syndicate on Greene island. Mr. Wagner states that his firm could have disposed of 20 pairs if they could have spared them.

A fox farmer near Whitehorse has recently killed 14 of the 34 foxes raised on his farm this season. Twelve were silver foxes and the others cross.

Some Carcross men recently went on a hunting trip up the Wheaton river after mountain sheep. They succeeded in getting a fair number of the animals.

It is reported from Western Alaska that beavers are becoming very numerous in the interior. It is said that their dams are getting very numerous along the Copper river and that the Natives are wearing beaver skin caps.

Caribou and rabbits are reported to be more plentiful in the Koyukuk this year than for many years past.

Hughie Ross and another hunter from Esther creek recently killed a moose each on Cache creek, and another hunter started five, but did not succeed in getting a shot at any of them. Prospectors report that game is increasing rapidly owing to few persons being in the hills.

Fred Clinton, an old time Fairbanks man, was arrested last week on a charge of running a still, and was fined \$250 and costs, amounting to \$320, which he paid. The still captured was made of galvanized iron, and the authorities stated the brew was so powerful it nearly ate the tub up in places.

Alex Saska was recently found guilty of breaking the Alaska bone dry law at Cordova and sentenced to 30 days in jail.

Something over 60 farmers of the Tanana valley met recently at Fairbanks to discuss farming in that section. The question of a community flour mill was discussed. There is already a mill there, but it is becoming too small for the needs, as the crops are increasing. The idea of a rural telephone also received much encouragement.

People of Fairbanks are objecting to paying a dollar a month rental on electric light meters. They are willing to pay for all the power used, but object to the meter rental. A petition is being circulated protesting against the practice.

### The Mission of Healing

Mr. John R. Hickson has been carrying on a mission of healing in many of the important churches of the East. His work has been very successful, so much so that it has attracted the very favorable comment of the secular press. It will be the purpose of the service Sunday evening at St. Philip's Church to tell about what has been done and to define what the mission of the Church is in regard to the healing of both mind and body. What can prayer and the Master do for both mind and body, is the theme. Come.

## Kasaan Basketball Team Visits Wrangell

Visitors Were a Jolly Crowd and Cheerful Losers.

The past week has been greatly enlivened by the visit of the Kasaan basketball team. Games were played on Tuesday and Wednesday nights, and there was a splendid attendance on both occasions.

The game Tuesday night was the American Legion vs. Kasaan. The line-up was as follows:

Legion	Kasaan
E. Lynch	R. F. E. Young
F. Lewis	L. F. R. Jones
G. Sylvester	C. J. Frank
C. Lewis	R. G. H. Jones
H. Coulter	L. G. R. Bunard
L. Taylor	Sub. W. Irving
	Sub. W. Young

It was a good fast game with but few fouls, but the visitors were outclassed and the score stood 24 to 11 in favor of the American Legion. As a preliminary to this game the Grammar school played the High school. This contest resulted in a score of 5 to 7 in favor of the Grammar school.

On Wednesday night the Lazy Five played the visiting team. The two teams were pretty evenly matched and a faster and more exciting game was played than on the previous night. The score stood 26 to 21 in favor of the Lazy Five. The line-up was as follows:

Lazy Five	Kasaan
L. Case	R. F. E. Young
Bowman	L. F. R. Jones
W. Lewis	C. J. Frank
C. Choquette	R. G. H. Jones
Hall	L. G. W. Irving

As a preliminary to this game the Grammar school again played the High school, and again defeated them, the score this time being 20 to 17. George Northrop was the referee for both games.

The Kasaan boys were a crowd of royal good fellows and the people of Wrangell enjoyed having them in town. On both Tuesday and Wednesday nights the games were followed by dances at the Sisters and Brothers hall which were largely attended and hugely enjoyed. The Kasaan team left for home at an early hour this morning.

Frank Booth, while walking near the electric light plant this morning, was severely bitten by a vicious dog.

Charles Moore is in charge of the Drift Inn during the absence of B. Y. Grant, the proprietor.

N. M. Tate, the cannery man of Union Bay, arrived from the States on the Princess Mary Tuesday morning.

Mr. and Mrs. Chester Worthington and little daughter Alice returned on the Jefferson today from Juneau. Mrs. Worthington is convalescing from an operation performed by Dr. L. P. Dawes.

LOST—A Beacon primer was lost on the street Tuesday. Finder, please leave at the Sentinel office.

### Arctic Brotherhood Gives Enjoyable Hop

If the Arctic Brotherhood had no other mission in the world than to give parties its existence would be more than justified. Last night about 100 persons passed a most pleasant evening dancing at the Redmen's hall, the hosts being Camp Wrangell No. 28, Arctic Brotherhood. Thomas Dalgity acted as floor manager, and a better man at the business never set foot on Wrangell island.

Excellent music was furnished by Misses Ruth Lindman, Margaret Bronson and Mr. Lin Shields. A delightful lunch was served up stairs.

The committee having charge of the affair was composed of M. O. Johnson, James M. Nolan, and Eugene Mason.

## W.J. Neill Back In Transportation Business

Will Operate the Prince of Wales Between Ketchikan and Hyder.—Roy Cole Interested in Undertaking.

Ketchikan and Hyder will be connected by a modern, fast, passenger and freight boat service within a couple of weeks, according to an announcement made here today.

Roy Cole, who has been a resident of Wrangell and the west coast of Prince of Wales Island for a number of years, and William Neil, who has had several years experience in operating gas boats in Alaskan waters, are at present in Seattle fitting up the gas boat Prince of Wales for the run. The Prince of Wales is practically a new boat, having been operated on the Juneau-Sitka run for a couple of seasons. The vessel is licensed to carry 45 passengers and has space for 50 tons of freight.

Either two or three trips will be made a week, depending upon the traffic.—Ketchikan Chronicle.

sciousness; into the realization of the brotherhood of man, and that universal peace might become a reality.

The Cause of Bahá'u'lláh is the same as the Cause of Christ. It is the same temple and the same foundation. In the coming of Christ the divine teachings were given in accordance with the infancy of the human race. The teachings of Bahá'u'lláh have the same basic principles, but are according to the stage of maturity of the world and the requirements of this illumined age.

Abdul Baha shared the exile and persecutions of Bahá'u'lláh and was a prisoner in Akka until 1908 when he was freed by the Young Turk Party going into power. He visited Europe and America in 1911-12. Traveling from city to city he spoke in many prominent churches and before different societies and gatherings, always advocating the universal principles as taught by Bahá'u'lláh. Through his efforts and life of sacrifice and service, these teachings have spread to every country of the world. There are today millions who are following these universal ideals, and seeing them practically demonstrated in the unity that is being brought about between Zoroastrian, Hindoo, Buddhist, Jew, Mohammedan, Confucianist, Christian, and all the sects of these religions.

M. Husein Ali, called Bahá'u'lláh was of distinguished lineage. Imprisoned and persecuted for the universal ideals he promulgated, he was finally exiled with his followers to Bagdad, then Constantinople and Adrianople; but the Holy Land was destined to be his final home, and in 1868 he was sent to

the Turkish penal colony of Akka, situated only nine miles north of Mt. Carmel on the Mediterranean Sea.

From this prison city Bahá'u'lláh made the public proclamation to the world of his mission, through letters sent to the reigning heads of the governments. In this prison he wrote most of his books, giving the universal precepts and teachings which are attracting more and more the interest and attention of the people.

As truth is always one, we find in the spiritual teachings of Bahá'u'lláh the same basic principles as are the fundamentals of all religions but amplified to meet the demands of the present status of man. The practical teachings are adapted to this cycle of evolution, and the requirements of the present social and economic conditions.

Bahá'u'lláh died in Akka in 1892.

In his will and testament he appointed his son, Abdul Baha Abbas as his successor, the Center of His Covenant, the interpreter of His words and the promulgator of His teachings: the one to whom the Bahai world should turn for guidance.

The Bab was martyred, Bahá'u'lláh and Abdul Baha have suffered exile persecutions and imprisonment that the world of humanity might be awakened from its materiality and selfishness into a renewed life of spiritual con-

sciousness; into the realization of the brotherhood of man, and that universal peace might become a reality.

5. Religion must be in accord with science and reason.

6. Equality between men and women.

7. Prejudice of all kinds must be forgotten.

8. Universal peace.

9. Universal education.

10. Solution of the economic problem.

11. A universal language.
